The Honorable George Kalaj, Mayor
Village of South Blooming Grove
PO Box 295
Blooming Grove, NY 10914

Dear Mayor George Kalaj:

The New York State Department of Transportation recently received a letter from former South Blooming Grove Mayor James LoFranco requesting a traffic signal study at the Route 208 and Mountain Road intersection in the Village of South Blooming Grove.

In response to former Mayor LoFranco's request, NYSDOT conducted a traffic signal study for the subject location. As a result of the study, NYSDOT has decided to install a traffic signal at this intersection. Please be advised that due to competing priorities, a date for the installation of the signal cannot be given at this time.

Thank you for your interest in and support of the transportation system. If you have any further questions, please feel free to contact the Acting Regional Traffic Engineer, Mr. Lee Zimmer, P.E., at (845) 437-3320.

Sincerely,

Lance MacMillan, P.E.
Regional Director
