**July 4, 2019**

We have been notified that the water main break has been repaired. You may experience some discoloration until the system is replenished with fresh water. Thank you for your understanding. Thank You to our Water department and the Town of Blooming Grove Highway department who came out on this holiday to ensure that the water main break was quickly repaired. The Village appreciates your efforts.

A water main break was detected in the area of Old Town road. Areas affected are Merriewold lake area including Lake Shore drive, Merriewold Lane north, Hawks Nest, Red Bird drive, Beech Tree round, Lone Oak circle, Tappan drive and Old Town road. Crews are currently on site making the necessary repairs. During this time residents may experience spotty water outages or lower water pressure while repairs are made. Once these repairs are complete and water is restored, you may experience some discoloration in the water. Please refrain from using appliances that use water until later in the day when the discoloration subsides. Thank You - Village of South Blooming Grove.

Sincerely,

James LoFranco

Mayor

Village of South Blooming Grove
