WATER & SEWER LATERAL PERMIT APPLICATION

TOTAL AMOUNT TO BE SUBMITTED BEFORE ISSUANCE OF PERMIT \$ _____

PAID BY: APPLICANT \$ _____ CONTRACTOR \$ _____

PLEASE NOTE:

1. All applications to be accompanied by Certificate of Insurance of approved form and amount required by Municipal Law
2. Pipe Bedding to be clean sand and is to be used as sub-base material surrounding the water / sewer lateral at a depth of 12 Inches over Pipe Barrel. This is to be approved by the Village's inspector.
3. All trench excavations shall be backfilled immediately after inspection and pipe is laid.
4. All trench backfill to be clean material that does 'NOT' contain frozen earth, debris, garbage / litter, foreign material or earth with an exceptionally high void content.
5. The CONTRACTOR may use mechanical equipment to place the backfill. This shall be done in such a manner that the material does not free fall, but shall be so placed that it will flow onto the previously placed material. The CONTRACTOR shall consolidate the backfill in such a manner as will ensure the minimum possible settlement. No compacting of the backfill with mechanical equipment, such as wheeled vehicles, will be permitted.
6. Final reseeding and restoration to property to be a min of 2" of clean topsoil.
7. No deposit will be returned until all above items are completed, inspected and approved by the Village Water / Sewer Dept, Building Inspector and/or Village Engineer.

PERMIT APPROVED _____ DATE _____

INSPECTED AND RELEASE OF DEPOSIT DATE: _____

AUTHORIZED _____ TITLE _____

COMMENTS: An additional permit is required if work extends into the Village Curb / Street.
