RE: 10 Mangin Road
SBL 309-3-30
Our File #SBG-154

Dear Chairman Weiss,

We have not received any new material since the previous submission. The following comments are from our letter dated November 16, 2023:

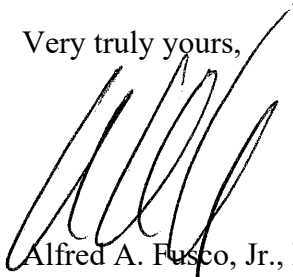

1. The EAF must be provided using the NYSDEC EAF Mapper, see the link provided.
<https://gisservices.dec.ny.gov/eafmapper/>
2. Provide a boundary and topographic survey certified by a New York State Licensed Land Surveyor.
3. The plan must be signed and stamped by a New York State Licensed Engineer.
4. The setbacks are unclear on lots one and two.
5. A tentative location of the building on each lot and showing water, sewer and drainage is required.
6. Show a dedication of 25 feet from the centerline of Mangan Road to The Village of South Blooming Grove Highway Department and include widening of the road in front of the project to try and attain a 37 foot wide road.
7. Provide an erosion and sedimentation control plan, including but not limited to stabilized construction entrance, silt fence, etc.
8. Indicate on the plan whether these are to be single-family or single-family with accessory.
9. Please submit a revised site plan, including subdivision plat for our review. A demolition plan should also be included with the project.
10. Provide details as necessary.
11. Board comments.

Action: None.

This is not a complete review. As the site plan is developed and additional information is provided, additional comments will be provided.

Please advise if you have any questions.

Very truly yours,

Alfred A. Fusco, Jr., P.E.
